INFORMATIONAL MESSAGE

The 3rd International research and practice conference
«Topical issues and development prospects of radio engineering
infocommunication systems»
«RADIOINFOCOM-2017»

Dear Colleagues!

The State Federal-Funded Educational Institution of Higher Professional Training «Moscow Technological University» (MIREA) hereby invites You to take part in the The 3rd International research and practice conference «RADIOINFOCOM-2017» which will take place in October-November of the year 2017 (the exact dates are being determined and will be announced later) at MIREA (119454, Moscow, Vernadskogo ave., 78)

Co-chairmen of the conference organizing committee

President of A.S. Popov's
Scientific Technical Society of
Radioengineering, Electronics
and Communications,
Member of RAS
Yu.V. Gulyaev

Rector of Moscow
technological university,
D.Sc. in Engineering
S.A. Kudzh

President of Moscow technological
university,
Member of RAS
A.S. Sigov

Aim of the conference:

to discuss problems, topical directions and prospects of development in one of the most crucial world industries — radio electronics and telecommunications field, which provides for vital elements and factors of state infrastructure of civil as well as defence purposes.

CONFERENCE SECTIONS

1. General radio engineering;
2. Data processing and transmission methods via radio communication channels;
3. Telecommunications systems and technologies;
4. Radiolocation and radionavigation systems;
5. Radio physics and electrodynamic systems;
6. Design and technology of radio-electronic means;
7. Safety of "Human - Technology - Environment" system;
8. Training professional personnel in innovative university clusters;
9. Mathematical and computer-aided methods of radio physics.

The framework of the "RADIOINFOCOM-2017" conference involves
the YOUNG SCIENTIST SCHOOL
with similar sections for all the above-mentioned directions.

Within the conference's programme a round-table discussion will be held, dedicated to publication activities and practical implementation of scientific findings by young scientists and researcher engineers.

The accumulated conference paper materials will be published in a digital collected-works journal, indexed in Russian Science Citation Index and issued in the form of CDs with the conference logo.

Official languages: Russian, English.

PARTICIPATION INSTRUCTIONS:

- Submit an application at the conference website (<http://forum.mirea.ru/apply/>) **from 3.04.2017 to 15.05.2017.**
- After the application and the paper have been sent, one should **wait for the acknowledgement of receipt** by the section moderator.

Participation in the conference and contributions publication is provided
FREE OF CHARGE!

Every participant receives the CD with the collected works as a present!

For additional information, including application form as well as paper layout and submission requirements, please, refer to the conference website
